Policy/Procedure

1. General station security is the responsibility of the Station Commander. Long-term security issues unique to a station shall be addressed by said Commander; however, all stations shall be locked:

1. During the day when the station is not occupied, and
2. No later than 2300 hours.

2. Company Commanders shall be conscious of daily security issues and implement additional security measures as needed during their respective tours.

3. Extra precaution shall be taken during public events which cause people to be gathered in or near a station, during periods of civil disturbance, or during periods of heightened national security.
