Purpose

The Toledo Fire and Rescue Department (TFRD) has zero tolerance for illegal drug and alcohol usage by its members while on duty. This is considered a threat to public safety and compromises the safety and welfare of the members of the Department. Additionally, illegal drug usage and alcohol abuse while off duty will not be tolerated.

Definitions

An illegal drug is defined as a substance that is against the law to buy, sell, or use. This includes prescribed medication that is abused, not taken for the intended purpose, or not taken by the prescribed person.

Policy/Procedure

The TFRD will take the necessary steps, including illegal drug and alcohol testing, to eliminate illegal drug and alcohol abuse by its members. The goal of this policy is prevention. The use of illegal drugs and alcohol by members of this Department can have a major impact on job performance and safety.

IMPACT OF DRUG AND ALCOHOL USE:

- LOSS OF PUBLIC TRUST
 - An incident involving illegal drug and alcohol usage by a member of the TFRD would have a major impact on the public's trust. The Department would face speculation about the integrity and the credibility of the Department and its members.
- UNRELIABLE WITNESS
 - Members who have used illegal drugs or abused alcohol whether on or off duty can easily be discredited as a witness in a court case.

- **DRUG AND ALCOHOL RELATED CRIMES**

- The Department recognizes the fact that even the one-time usage of an illegal drug may feed into a vast network of criminal activity. Frequent use of illegal drugs may lead to selling drugs, theft of drugs, association with criminal corruption and involvement with organized crime. On or off duty alcohol usage can result in criminal convictions and may jeopardize the safety of the citizens and others.

- **SAFETY AND LIABILITY ISSUES**

- Department members have unique responsibilities that set them apart from other employees in other organizations:
 - Members are entrusted with citizens' personal belongings and medications.
 - Members are entrusted with controlled narcotics used for patient care.
 - Members operate emergency vehicles, most often under emergency conditions.
 - Members respond and provide services in dangerous and life-threatening emergencies.
 - Members may be recalled to duty 24 hours a day, 7 days a week.
 - Members must maintain a valid Driver's license at all times.

DRUG AND ALCOHOL TESTING/NOTIFICATION

PROMOTIONS AND PARAMEDIC DRUG LICENSE

Members may be tested prior to a promotion or addition to the Lucas County drug license.
